<b>Program / Service Available</b>	<b>Description of Program / Service</b>	<b>Choose program</b>	<b>Costing Breakdown</b>
<u><b>Training sessions</b></u>  Designing environments to support social and emotional learning	<b>Understanding children's behaviours &amp; emotions and online mentoring reflection.</b> Description: Upskilling educators in designing environments to support the needs of children within the program. Both face to face and/or online delivery. Training would be designed to the context of the kindergarten program and level of experience of educators and provide practical ideas for set ups, play spaces and resources to engage children in learning. The session covers how environments impact children's behaviours, social engagements and emotional resilience and practical ways to include simple ideas to support children's play authentically.	<input type="checkbox"/>    <input type="checkbox"/>	<b>Face to face delivery + 1 x 1 hour online mentoring</b> \$2500 per session (incl GST) + travel costs will be costed on a case-by-case basis  <b>Online delivery +1 x 1 hour online mentoring</b> \$1650 (incl GST) per session
Executive Function:	<b>Links of intentionality to building executive function strategies with children</b> Description: This course engages ECT to develop curriculum strategies into an inquiry-based pedagogy. Understanding the functional of EF and then building educator capability through sharing of practical examples to demonstrate varied ways to support of children's EF through curriculum development and documentation and online mentoring reflection. The session engages teachers in deep critical thinking about the types of experiences being offered and the value of children executive function development in these.	<input type="checkbox"/>   <input type="checkbox"/>	<b>Face to face delivery + 1 x 1 hour online mentoring</b> \$2500 per session (incl GST) + travel costs will be costed on a case-by-case basis  <b>Online delivery +1 x 1 hour online mentoring</b> \$1650 (incl GST) per session

<b>Kindy Collaboration Hub (New 2026)</b>	<p>This will be a 5 session learning hub where ECT's will engage in content training and reflective discussions on:</p> <ol style="list-style-type: none"> <li>1. Mathematics and Numeracy in play based learning</li> <li>2. Language and Literacy in play based learning</li> <li>3. Scaffolding to support behaviours and emotionally loaded moments (Bell curve theory)</li> <li>4. Building executive function skills into routines and transitions</li> <li>5. Critical reflection session on learnings, positive outcomes and action planning for continued improvement.</li> </ol> <p>Each of the sessions will provide opportunity for ECT's to collaborate in small groups to reflect on the content delivered, their current practices and how they might implement new ideas. This will be a space for networking, connection and learning for all ECT's engaged being facilitated within a reflective framework with Carrie Rose.</p> <p>Sessions are once a month for 1.5 hours online and will be recorded. Access will be provided in an online Hub for the month for those who may not have been able to make it.</p> <p>There will be 3 opportunities to enroll in the Collaboration Hubs in 2026:</p> <p style="text-align: right;">Hub 1: February – May Hub 2: April, May, July, August Hub 3: August – November</p>	<div style="text-align: center;"> <input type="checkbox"/> </div> <p><b>Choose HUB:</b></p> <div style="text-align: center;"> <input type="checkbox"/>  <input type="checkbox"/>  <input type="checkbox"/> </div>	<p>\$2500 (inc GST) Any Kindergarten educators of that service can attend the sessions.</p>
